— S/S 26

OUR CULTURE

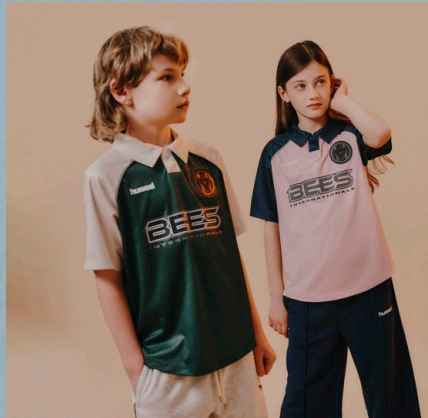

Since 1923, we have celebrated the team, the inclusivity, and the connection sport brings. Sport is our culture. It's in our DNA. Bringing us unity and a sense of belonging in the intersection of everything that would divide us. Because - sport transcends boundaries. Connects us across nationality, beliefs, genders, and religions. We believe sport is the power that defies all odds.

This season, we honour movement as our shared language. Rooted in heritage, the SS26 collections are shaped by those who move—with purpose, with pride, and with passion.

Ultimately, the SS26 collections find their inspiration in motion. In the energy of the game, the rhythm of the street, and the everyday lives of those who move with purpose.

Above and beyond, this season we present heritage aesthetics, contemporary sports core, and statement pieces that will create a true feeling of belonging.

OUR CULTURE IS SPORTS, AND OUR CULTURE UNITES.

CORE 2.0

Building on our bestselling CORE XK range, we optimised everything while keeping the same affordable price range. hmICORE 2.0 is a collection that delivers great functionality on the field and on the sideline.

We've added a dynamic touch to the design, with a CORE 2.0 signature contrast sleeve insert, as well as distinct contrast piping details running along the back of the neck, the bottom of jerseys and shorts, and above the calves on pants. Furthermore, enhanced zip pullers in matching colours bring a fresh update to the collection.

With a wide range of styles and colours, hmICORE 2.0 remains one of our bestselling collections, offering teams and individuals the perfect balance of performance, durability, and iconic hummel DNA.

Game on!

CORE 2.0

MOVE 2.0

INTRODUCING HMLMOVE 2.0 COLLECTION

Designed for movement, comfort, and versatility, the hmIMOVE 2.0 collection is the perfect companion for athletes on the go. Crafted with elevated tech fabrics in cotton blends, this collection ensures a soft feel while maintaining durability and performance.

With a classic colour palette, it offers a timeless look that fits effortlessly into any team's wardrobe. Thoughtfully designed zipped pockets in most styles provide secure storage, while contrast flatlock stitching adds a refined touch to the design.

Ideal for travel between matches and training, hmIMOVE 2.0 is built for those who demand both style and function - on and off the field.

LEGACY & INSPIRE FOOTBALLS

INTRODUCING HMLLEGACY & HMLINSPIRE FOOTBALLS BY HUMMEL

Better than ever, the new hmILEGACY and hmlINSPIRE footballs are designed to elevate every game. While LEGACY features an innovative 12-panel shape, fully thermobonded, INSPIRE consists of classic 32-panel footballs and futsals of the highest quality.

Both lines are engineered with a range of bonding technologies and materials—offering a broad selection of balls tailored to all levels, from amateur to professional. What all these footballs have in common is excellent aerodynamics, durability, and control.

Among the collection are FIFA-approved quality balls: these footballs meet the highest standards and must pass a rigorous testing procedure to earn one of the prestigious FIFA quality labels.

WEIGHT AND CIRCUMFERENCE

THE FIFA QUALITY PROGRAMME

The FIFA Quality Programme for Footballs ensures high standards by rigorously testing balls in lab conditions. Balls used in FIFA-organized matches must have a FIFA quality mark, guaranteeing consistent performance, every game.

To earn the FIFA quality mark, a ball must pass seven tests evaluating weight, circumference, roundness, bounce, water absorption, pressure retention, and shape durability.

FOOTBALL INFLATION GUIDE

PREPARATION

During wintertime we suggest to store the footballs at room temperature [20 – 25°C] for minimum 24 hours before the first inflation in order to secure optimal softness and shape.

Unfold the football with both hands and shake the bladder free.

VALVE OIL

Drip 1 – 2 drops of valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve. Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape. Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

FOOTBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1 – 2 drops of valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the ball at reduced pressure in a dry ventilated room at 20 – 25°C.

CLEANING AND DRYING

After use clean the football in mild soapy water and rinse with water. Then wipe the ball off with a towel and let it fully dry in a dry, airy place at 20 – 25°C.

Never dry the ball on or near a heating device.

HMLINSPIRE CLUB LITE 290 FB

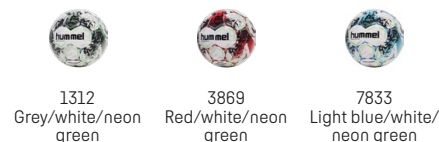

- 100% Polyurethane
- Semi 3D-structured vinimi TPU upper for improving grip and aerodynamics
- 3mm TPE foam are laminated together with the TPU upper to create softness and ball control.
- Double bonded construction, both stitched and glued for less water uptake and strong durability.
- Lightweight ball, specially developed for youth players, following FIFA recommendations for youth footballs in size and weight.
- Special SR-bladder construction, gives the ball a lively bounce and fast movement.
